

## 'So Be It': HHH On War Stand

By The Associated Press  
Vice President Hubert H. Humphrey, saying that if his Vietnam views conflict with President Johnson's "Then so be it," has repeated his stand that some U.S. troop withdrawals should be possible in the near future.

The Democratic presidential candidate, drawing the biggest crowds of his campaign in Ohio Sunday, also said he hopes if elected to work out "de-Americanization of the war" with Saigon leaders.

Humphrey repeated in Columbus his prediction that "systematic reduction of American forces" should be possible soon, when and if South Vietnam becomes able to take over more of its own self defense.

"Now that's my position," he said. "What's the President's position, that's his business."

**Sees No Conflict**  
But Humphrey said he sees no conflict in Johnson's statement

that no one can predict timing of troop withdrawals. He said Johnson was referring to "when this war will be over, when you can withdraw all your troops."

Humphrey declined, however, to repeat his earlier prediction that withdrawals could begin by early 1969. He called such specific forecasts "pitfalls" for public officials.

Third party presidential candidate George C. Wallace, meanwhile, said briefings from military friends convince him the Vietnam war can be won with conventional weapons and no increase in American troops.

**Name Running Mate**  
The war has not been won, Wallace said, "because they (government leaders) have considered political and diplomatic considerations ahead of military considerations in Southeast Asia and it has not worked."

Wallace also said he will name his vice presidential running mate next week.

He was interviewed on a special CBS "Face the Nation" broadcast from Atlanta.

Republican candidate Richard M. Nixon took a day off from campaigning Sunday but his national political director issued a statement saying Humphrey's presidential bid is in "desperate straits."

"With Mr. Humphrey that desperate," said Robert Ellsworth, "the American people can look for almost any demagogic maneuver from his camp."

### Truth Squad

Nixon's communications director, Herbert G. Klein, said a Republican truth squad will follow Humphrey as he campaigns. Klein said two of the squad members will be Sen. Hugh Scott, R-Pa., and Rep. Donald Rumsfeld, R-Ill.

Nixon's running mate, Spiro T. Agnew, said in Honolulu Sunday night Vietnam "will not fade because we blow retreat, it will not vanish in the wishes of a flower child, it will not suffocate in the smoke of a burning draft card."

"Richard Nixon's answer is the only one," Agnew said. "The path to peace is one of strong defenses and strong principles. It's dealing more nations into the peace-keeping responsibilities of the free world. It's getting them off the bench and into the ball game."

## 50 Cars In Chain Accident; Kills 1

MIDLAND (AP) — A woman was killed and several persons were injured in a massive smashup — reportedly involving up to 50 vehicles — in heavy fog on U.S. 10 five miles east of Midland today, authorities said.

State Police said the woman was killed when a truck stuck her car and then came to rest on the top of the auto. A crane was summoned to separate the mangled vehicles so the victim could be removed from the car.

Her identity was not revealed immediately by State Police. Witnesses told the Bay County sheriff's office that up to 50 cars were involved in the wreck. The accident happened at 7:40 a.m. on U.S. 10 near M 47.

## Russians Ahead With Recovery Of Spaceship

MOSCOW (AP) — The Russians forged ahead in the space race again over the weekend by recovering an unmanned spaceship that splashed down in the Indian Ocean after circling the moon.

Sir Bernard Lovell, Britain's top space expert, predicted that the Soviets within months will make a manned shot around the moon. James E. Webb, outgoing head of the U.S. space program, said the latest Russian feat "shows a capability that could change the basic structure and balance of power in the world."

### Circled Moon

The spaceship, Zond 5, was launched on Sept. 14. It went into a holding orbit around the earth, then took off for the moon. It circled the moon on Wednesday, landed in the Indian Ocean Saturday night, and was picked up by a Russian recovery ship Sunday.

Tass, the official Soviet news agency, said scientific instruments aboard the space ship had been recovered with "a vast body of scientific information."

Lovell, director of Britain's Jodrell Bank Observatory and an authority on the Soviet space program, called the Soviet shot "a considerable achievement... It probably means that a manned round-the-moon flight will occur in the coming months as a direct challenge to America's Apollo project."

### Bigger Rocket

Webb, who a week ago predicted the United States would remain second in the space race for years because of heavy cuts in its space budget, said the Zond 5 flight demonstrated that the Russians have "an able-bodied rocket" bigger than any operational U.S. rocket.

Webb said the flight was "the most significant demonstration of its time," comparable to Sputnik I, the first satellite to orbit the earth.

He also predicted that the next Soviet feat would be a manned flight around the moon.

West Germany's Bochum Institute for Satellites and Space Exploration predicted that such a flight would be accomplished with a three-man spacecraft "this year or at latest in the first quarter of 1969."

"With his fantastic success, the U.S.S.R. is on the way to being the victor and being the first to reach the moon," said the institute's director, Heinz Kaminsky.

# War Protest Disrupts Mass In Milwaukee

## Arrest Eight; 200 Walk Out In Washington

MILWAUKEE — Eight persons, including a Catholic priest and a seminarian, were arrested Sunday as about 40 anti-war demonstrators invaded the sanctuary at St. John's Cathedral. The uproar brought an abrupt end to the 12:30 p.m. mass.

Msgr. James E. Kelly, rector at St. John's, was pushed to the floor during a fracas in the sanctuary when the protesters attempted to read from the pulpit a statement condemning the alleged failure of the Roman Catholic church to "actively resist war and racism."

Kelly, who would not give reporters his age, is about 73. Five uniformed Milwaukee patrolmen, who had been waiting in the sacristy near the sanctuary, attempted to clear the protesters from the area.

### Exchange Shouts

Worshippers angrily shouted for the group to leave the cathedral so that the service could be continued.

The protesters shouted back, "it is our church, too," and continued to mill about the sanctuary.

Father Peter Moch, celebrant of the mass, canceled the remaining portion of the service when he was interrupted just before his sermon.

Several members of the congregation responded to his announcement by shouting, "We want our service." They continued to stand in the pews.

Police arrested the eight protesters in the sanctuary near the pulpit.

Father Nicholas Riddell was identified by police as leading the surge of protesters to the sanctuary. An assistant priest at St. Florian's Church, West Milwaukee, he was arrested as he tried to take the pulpit. Riddell is a Carmelite priest, officials said.

**Youth Strikes Priest**  
Kelly said he was struck in the chest by a tall, bearded youth as he tried to remove "that man who is supposed to be a priest" (Riddell) from the sanctuary.

### Others arrested were:

● Gerald T. Gardner, a teacher at North Division High School and a Marquette University graduate student.

● Robert E. Graf, 25, a Jesuit scholastic, Marquette graduate student and a substitute teacher.

● Charles H. Erickson, 21, Madison, identified as a laborer.

● Ralph Guymont, 19, a sophomore at Marquette whose home is Boston, Mass.

● Miss Ruth Ann O'Keefe, a sophomore at Marquette who lives at Gary, Ind.

● Miss Donna Marie Boyle, a sophomore at Marquette whose home is Cherry Hill, N.J.

● Miss Mary Lou Massigiani, 27, a teacher.

### Disorderly Charges

Police said they would seek disorderly conduct charges against the eight on Monday. They were released on \$250 bond set via telephone by County Judge Christ T. Serafin.

A small group of the demonstrators arrived at Cathedral Square, across the street from

## Support Is Surprise To Wallace

MONTGOMERY, Ala. (AP) — "My campaign," said a grinning George C. Wallace to an audience in Dallas the other day, "reminds me of the old joke that begins: 'They laughed when I sat down to play...'"

"Well," he said to the boom of applause and the scream of rebel yell, "not many Democrats or Republicans are laughing now."

Wallace has said that even he, whose political antennae are probably as sensitive as anybody's, did not anticipate when he announced his third-party candidacy in January the degree of success it would achieve by late September.

Wallace, for example, expected his "mission impossible" task force of Alabama lawyers to win for him a place on the ballots of 40 states at most. Last week, when he met the qualifications of the 50th state — although Ohio remains in doubt — he began referring to the Democrats and Republicans as

the other two national parties.

He says his campaign treasury is in good condition, "but don't get the idea we're swimming in money," and he plans to eliminate many of the fund-raising dinners that have been a staple of his campaign appearances.

There also is a rumor that he soon will replace his prop-driven DC7 airplane with a speedier prop-jet model.

He also plans to slow the pace of his campaign. Last Friday he completed a fatiguing swing through the Southwest, Midwest and South, and will not resume again until next Friday, when he will embark on a trip through the Northeast, Midwest and Far West.

The secret of Wallace's success has become clear as his traveling road show — complete with a country band and two blonde vocalists — the Taylor Sisters, Mona and Lisa — has wound its way through 31 states. Wallace has demonstrated an acute sense of the fundamental fears and irritations that gnaw at a great many bewildered Americans, and an ability to speak of them in simple, colorful terms.

Concerning law and order, for example, the visceral issue of his campaign, Wallace says the Democratic and Republican candidates promised to enforce the law but that both of them, by past policies, had helped to bring about "today's anarchy."

"I reply to them," Wallace said the other night in Florida, "in the words of an old hillbilly song: 'It's too late to ask for forgiveness.'"

"Tell it like it is, George!" has become a slogan shrieked at rallies from Milwaukee to Montgomery, Lowell to Long Beach.

His appeal is pitched to men who attend his rallies in shirts with open collars, women in tie-dye pants, though suits and ties are well-represented, and lately, a growing number of young people have been on hand.

## Wallace Vote Is A Vote For Nixon States Reuther

DETROIT (AP) — The president of the United Auto Workers Union asserted Sunday that, "A vote for George Wallace is just another way of voting for Nixon."

Walter P. Reuther told a news conference that former Vice President Richard M. Nixon and the former Alabama governor are seeking votes from white segregationists in their presidential bids.

Reuther also said that the Senate fight to block confirmation of Abe Fortas as chief justice of the Supreme Court is part of a Nixon "deal" with Southern segregationists.

The effort led by Michigan Republican Sen. Robert P. Griffin to prevent confirmation of Fortas was described by Reuther as "the shabbiest political manipulation in a hundred years."

Vote - counting was set for today in Detroit on balloting by UAW delegates across the country on who they endorse for president.

Reuther and other members of the union's International Executive Board have recommended endorsement of Vice President Hubert H. Humphrey and Sen. Edmund S. Muskie, D-Me.

## Claim It's Legal

TUJUNGA, Calif. (AP) — Two young women clad only in bikini bottoms were arrested as they swept the driveway in front of a house Sunday.

Police booked Gayle Ann Bell, 21, who lives there, and Carole Corene Rose, 24, on suspicion of indecent exposure. The two are topless waitresses.

"Our boss told us it's legal," one of them told police.

## Premier Salazar Remains In Coma

LISBON (AP) — Prime Minister Antonio Salazar remained in a coma today, breathing with the aid of a machine on the seventh day after a massive stroke.

In Portugal's ancient churches masses were said for the 79-year-old Salazar's recovery, and Portuguese filed into Red Cross Hospital to sign a guest book while members of the government conferred near Salazar's sixth floor room.

It was rumored the government would name Marcello Caetano, 62-year-old law professor, successor to Salazar before the day was over. Meanwhile, the army and police remained on the alert.

## Auto Mishaps Take 11 Lives

A 70-year-old Clinton area woman Sunday died in a two-car crash on M 83 and M 54 in Saginaw County's Birch Run Township. The victim, Mrs. Salina Heimerdinger, was among 11 persons killed in weekend traffic accidents in Michigan.

The Associated Press count started at 6 p.m. Friday and ended midnight Sunday.

## Korea President Visits Honolulu

HONOLULU (AP) — South Korean President Chung Hee Park arrived in Honolulu Sunday night for a 36-hour stopover on his way home from state visits to Australia and New Zealand.

Park, accompanied by his wife and 16-year-old daughter, will stay at the Kahala Hilton until Tuesday.

This was his second visit to Honolulu this year. In April he met with President Johnson here.

## Frankenmuth Air Crash Kills Six

FRANKENMUTH (AP) — Six Michigan residents were killed Sunday night when their twin-engine plane "made a kind of power dive" and plunged into the ground several miles south of Frankenmuth.

The occupants of the Beechcraft had left Frankenmuth Airport on a pleasure ride when the craft hurtled to earth.

State Police identified the victims as Monley B. Dalrymple, 68, of Millington, the pilot; Ernest L. Whitman Jr., 23, of Clio; Roy E. Beyerslein, 34, and his wife, Bernice, of Frankenmuth; and Jack Cheney, 35, and his wife, Mary, of Birch Run.

Cause of the crash was not immediately known.

The plane plummeted down near the Tuscola County line in eastern Lower Michigan.

Officers quoted a witness as saying the plane "made a kind of power dive into the ground."

## Marines Uncover Munition Dumps

SAIGON (AP) — U.S. Marines over the weekend found two heavily fortified camps just below the North Vietnamese frontier. The bases evidently were intended to sustain the Communist thrust through the center of the demilitarized zone that intelligence reports indicate is planned in the next six weeks.

While the Marines were uncovering hundreds of bunkers and huge stocks of munitions, South Vietnamese soldiers reported killing 98 North Vietnamese in a pitched battle on the eastern flank of the DMZ.

Most of the significant action reported today occurred in the northern provinces. Elsewhere another lull in the war appeared to be lengthening, with enemy forces avoiding contact and making a few attacks.

Upwards of 2,000 American Marines were probing the wooded foothills north of their Rockpile base, sitting athwart the central infiltration route from the 17th parallel.

## Hippies Do Flip, Tour Suburbs

NEW YORK (AP) — Tired of being gawked at by camera-toting tourists from the wilds of suburbia, a group of hippies from the Lower East Side turned the tables Sunday.

They took their own tour and stared at the suburbanites.

About 50 hippies, clad in their best beads and bells, paid \$5 each, then boarded a bus at St. Mark's Place, in the heart of the East Village, and set off for a day in Queens, a predominantly middle class borough of New York City.

The tour was the brainchild of Joe Skaggs, 23, an artist, who described the expedition as "a put-on of middle class values... a sort of cultural exchange."

The turned-on tourists got glimpses of such nonhippie strongholds as housing developments, bowling alleys, neatly manicured lawns and other middle class symbols which many of the hippies left behind when they fled to the Village.

Included in the tour were several stops. During one of them — at a restaurant for ice cream — eight "straight" patrons fled through a side door when the hippies walked in.

Other Queens residents greeted the expedition with a mixture of surprise, skepticism and amusement.

"We're being invaded," cried one housewife, as the hippies debussed near her house. "It must be some kind of underground movie stunt," added her husband.

During a stop in Jamaica Estates, the hippies wandered around, snapping pictures of suburbanites watering their lawns and reading the Sunday papers.

## Release 139; Aboard 2 Hijacked Airliners

HAVANA (AP) — Two Colombian airliners that took off two hours apart from the same airport in Colombia were hijacked Sunday and flown to Cuba with 139 persons aboard.

A Boeing 727 jet with 72 passengers and a crew of six landed in Camaguey, 300 miles southeast of Havana, shortly after noon. No one was injured and the plane was released Sunday night and returned to Barranquilla, Colombia.

The other plane, a DC4 with 57 passengers and a crew of four landed in Santiago de Cuba. The Swiss Embassy, which handles Colombian affairs in Cuba, said all aboard were safe and the plane and those aboard would return to Colombia today.

### Hijackers Columbians

Cuban officials would not say, and Colombian officials had not determined yet if the twin hijackings were coincidental or part of a plot. Both hijackers apparently were Colombians, and both presumably were given asylum in Cuba.

Colombian Defense Minister Gerardo Ayerbe Chaux said he believed the double piracy was a Castroite plot directed from Havana. He said it seemed improbable that the two incidents could have been a coincidence. But the pilot of the jetliner said he thought his hijacker might have been a smuggler in trouble with

the government, which is cracking down on illegal imports.

The planes, both owned by Avianca Airlines, had taken off from Barranquilla, the country's main port on the Caribbean, for hops to other towns in Colombia.

### One Word, 'Cuba'

Capt. Alfonso Lopez of the 727 jet said a short man in his 30s, armed with a knife and grenade, entered the cabin of his plane and "said we had to go to Cuba." The airline said all the passengers were Colombians except Roy Haag and Peter Vuska, whose nationality was not known.

The DC4 took off from Barranquilla two hours and 11 minutes after the jet. Its pilot, Alfredo Crisman, said a youth of 18 or 20 knocked on the door to the cockpit, entered holding a pistol and spoke just one word — "Cuba." The airline said all the passengers on that plane were Colombians except Marty Bowman, whose nationality also could not be learned immediately.

On Friday, an Eastern Air Lines jet bound from San Juan to Miami was diverted to Cuba. The plane's 40 passengers were flown to Miami Saturday.

## League Invites Candidates To MEA Meet Oct. 3

The Escanaba League of Women Voters and the Michigan Education Association are co-sponsoring a non-partisan, "Meet the Candidates Night," Thursday, Oct. 3, at 8 in the Escanaba Area Public High School gymnasium. This is a part of the 1968 M.E.A. General Conference for Region 16, 17, and 18.

Candidates for the State Board of Education are Marilyn Jean Kelly and Michael Deeb, Democrats; James Ten Brink and Barbara Domouchelle, Republicans. Carmen DelliQuadri will substitute for Marilyn Kelly, as she has a previous commitment.

Also to share the platform are candidates for Congress from the 11th District, Philip Ruppe, Republican, and Raymond Clevenger, Democrat, and candidates for the State Legislature from Districts 106, 107, 108, 109, and 110.

Some of the candidates who have responded to their invitation to attend are Congressman Ruppe and Clevenger.

Incumbent State Rep. Charles Varnum, Republican-Manistique and Einar Erlandsen, Democrat-Escanaba in District 107; incumbent State Rep. Dominic Jacobetti, Democrat-Negaunee, District 108; incumbent State Rep. Jack Gingrass, Democrat-Iron Mountain and John D. Payant, Republican-Iron Mountain, District 109 and others will also be responding.

Michigan State University trustees candidates will be introduced.

Invitations were also sent to minor party candidates.

The Republican and the Democrat presidential electors have been invited, too.

The question which was submitted to the Congressional candidates of District 11 is: What do you think is the federal government's responsibility in financing education? The question submitted to the Legislature candidates is: What do you think is the responsibility of the Legislature in financing education?

After the candidates have given their formal replies, questions will be allowed from the floor. A coffee hour will follow for all those interested in becoming better acquainted with the candidates. The public is invited.

This is a voters service program of the Escanaba League of Women Voters. Voters Service chairman, Mrs. Valeria Haack, assisted by Mrs. Elvora Veder, Mrs. Lorraine Owen and Mrs. Charlotte Taylor, president of the local League, have planned the program with the cooperation of Mrs. Dorrine Anderson, Kenneth Myllyla and Jim Smith of the Michigan Education Association Committee.

## Mead Offers Science Prizes

Local high school students will again have the opportunity to compete for a \$1,000 college scholarship and several cash awards in the Mead Corp. sponsored Science Essay Contest.

Essays in chemistry, biology and physics will be accepted for the competition through Feb. 14, 1969. High school sophomores, juniors and seniors in the Delta County area are eligible, according to George S. Douglas, Mead's Escanaba mill manager. Research papers and descriptions of the student science projects, including techniques employed, results, etc., will be accepted.

"Our primary purpose in sponsoring this project is to develop greater interest in the career opportunities science offers," Douglas stated. "The rapid expansion of technological developments in our times points to greater and greater demand for scientifically-minded people. And, too," he added, "sponsorship of the contest is our way of showing teachers as well as students that we value what they are doing."

First, second and third awards of \$50, \$25 and \$15 will be made in each of the three categories. Science teachers who serve as advisors to the first-place winners will receive a \$25 award.

Each first-prize winning essay will be entered in competition with those from students in other Mead mill communities. Best essays in each category will receive a \$200 cash award and the best overall science essay among the three corporate-wide winners will receive the \$1,000 scholarship, to be announced in May.

"Local prize winners will be announced in March," Douglas said. Local high schools have been supplied with rules covering the competition, and additional copies of the rules are available through the office of Robert E. Barron at the Escanaba Paper Co.

## Schools Hire Diagnostician

The special education program of the Menominee County Intermediate School District, for which the area voted 3/4 mill, has hired Mark Simpson as diagnostician.

He received his B.A. and M.A. degrees from the University of Illinois, and has successfully completed 90 hours of graduate credit in preparation as a school psychologist.

Simpson was a senior psychologist with the Milwaukee public school system.

## Academies

Congressman Philip E. Ruppe announces that applications for nomination to the Air Force, Merchant Marine, and Military academies for the class entering in 1969 will not be accepted after Oct. 1.

To qualify a young man must compete in the civil service examination to be given Oct. 5, and must take a medical examination at a military installation.

the cathedral about 9 a.m. They distributed copies of a letter they said they had presented to Archbishop William E. Cousins.

They asked Cousins to read a pastoral letter calling for an end to the Vietnam war and supporting the actions of draft protesters.

They asked the archbishop to order this letter read at all parishes Sunday and asked him to read the letter personally at the cathedral.

### Gave Permission?

John Sawyer, 18, a spokesman for the group, said Moch had agreed to let Riddell read the letter and allow the group to stand in the sanctuary during part of the service.

Moch said, "Their statement is not entirely true." But he would make no further comment.

After entering the church in small groups, the protesters waited until the sermon was about to begin before approaching the sanctuary.

### MASS WALKOUT

WASHINGTON (AP) — The bitter dispute within the Washington Roman Catholic archdiocese has intensified in the wake of an unprecedented walk-out protest against Patrick Cardinal O'Boyle, archbishop of the diocese.

About 200 persons walked out of St. Matthew's cathedral during masses Sunday as the cardinal rose to urge obedience to Pope Paul VI's latest edict banning use of artificial birth controls.

The cardinal, who has been challenged on his interpretation of the Pope's encyclical by 44 area priests, had ordered a pastoral letter criticizing the dissenters read in all Roman Catholic churches in his jurisdiction.

Cardinal O'Boyle himself read the letter at three masses at St. Matthew's, and watched without apparent emotion as the people walked from the crowded cathedral. Most returned after he finished reading the message.

It was estimated that at least another 200 persons left other churches when the letter was read.

Dispute Pope's Edict  
The protest had been urged by two lay organizations supporting the dissenting priests.

The cardinal said after the services that it was the first time he had encountered such a protest in his 20 years as archbishop of Washington. "It is a very emotional matter," he said. Other church officials said it was probably the first time parishioners had taken such action in any Catholic church.

The dispute arose following issuance of the Pope's edict July 29 prohibiting the use of all forms of artificial contraceptive devices, leaving only the rhythm method acceptable for Catholics.

Cardinal O'Boyle immediately interpreted the encyclical as binding on all Catholics. This was challenged by a group of 51 priests, later reduced to 44, who contend the Pope's statement leaves it up to individual Catholics to follow as a matter of personal conscience.

As the dissent continued the cardinal several days ago took disciplinary action against 13 priests. Action against the remaining 31 is pending.

## Coast Guard

Congressman Philip E. Ruppe announces that the annual competition for entrance to the U.S. Coast Guard Academy will commence with the Dec. 7 administration of the College Entrance Examination Board tests. All young men who wish to apply for nomination and have not reached their 21st birthday by July 1, 1969, should prepare to take the CEEB in Dec. 1968.

## Dinners To Aid Clevenger Fund

MARQUETTE—A testimonial dinner honoring Raymond F. Clevenger, Democratic candidate for Congress in the 11th District which includes all of the Upper Peninsula and part of the northern Lower Peninsula, will be held in Marquette at the Northwoods Supper Club Oct. 12.

The dinner, one of three scheduled across the district for Clevenger, will be for residents of the six central U.P. counties: Alger, Delta, Dickinson, Marquette, Menominee and Schoolcraft.

Another dinner is slated for Sault Ste. Marie, Clevenger's home town, and a third is being planned for the western portion of the Peninsula.

District campaign chairman Carmen DelliQuadri, Houghton, said the program committee is hoping to engage the services of a "nationally prominent figure" to be the Marquette dinner speaker.

Tickets for the affair, \$25 per person and \$35 per couple, may be obtained from Democratic county chairman in each of the six counties.

Clevenger, who represented the district during the 89th Congress (1964-66), this summer resigned as chairman of the Great Lakes Basin Commission seeking to regain the post he lost two years ago.

## Freedom Short For Jail Break

CHARLOTTE (AP) — A prisoner overpowered and beat a turnkey Sunday to break out of the Eaton County Jail at Charlotte. But officers captured him a half hour later.

Sheriff Elwin Smith said that 25-year-old Carl Leonard of Hastings pounced on the turnkey, Gailen Bird, 55, after having been let out of his cell during a routine cleaning job.

Smith said that Leonard grabbed a ring of keys from Bird and beat the turnkey on the head, then fled down an elevator to the basement and escaped through a basement door.

Acting on a tip from a citizen who saw a man wearing prisoner's clothing, Sheriff's Cpl. Merlin Anderson and Charlotte Patrolman Dee Smith took Leonard into custody a half hour later on the south side of Charlotte.

Leonard had been held in the jail on charges of attempted murder and breaking and entering, filed in Barry County. He was being held at Eaton County because Barry County does not have a jail.

## MSU Keeps May At Finance Post

EAST LANSING (AP) — The Michigan State University Board of Trustees, by a deadlocked 4-4 vote, agreed Saturday to keep Philip J. May on the job as the university's top financial officer.

May had been under fire for his outside business dealings which Attorney General Frank Kelley ruled in August were in conflict of interest with his role as MSU treasurer and vice president in charge of finance.

Trustee Don Stevens of Okemos made a motion in a finance committee meeting before the board met officially that May be fired.

Stevens, C. Allen Harlan of Southfield, Clare White of Bay City and Frank Hartman of Flint voted for the firing.

Trustees Connor Smith of Pinconning, Stephen Nisbet of Fremont, Kenneth Thompson of Detroit and Frank Merriman of Deckerville voted against dismissal.

### Back On Payroll

The deadlock put May back on the payroll effective today. He had been on leave of absence pending the opinion by the attorney general and the board's decision.

The main criticism against May was that while a director of the Lansing branch of the Michigan National Bank he borrowed more than \$1 million from the bank to finance con-

struction of an office building adjacent to the campus.

The modern office building then was leased to the International Business Machine Corp., which sells nearly \$500,000 in machines to the university each year.

In a letter to John Hannah, MSU president, May said he and his wife had sold their holdings in the building corporation and he was prepared to return to his university duties.

### Sell All Stock

May noted that the Kelley opinion said: "It would be unfair to penalize Mr. May for his past conduct, nevertheless I do not believe that the situation involving the IBM Corp. as a tenant in a building in which Mrs. May has substantial interest should be permitted to continue."

May said he and his wife had fully complied with Kelley's suggestion by selling all their stock and resigning as officers of the building corporation.

May complained in his letter to Hannah that he and his wife "have been victims of continuous harassment."

## MacMullan Bitter Over Dieldrin Use In Beetle Control

LANSING (AP) — Use of the chemical Dieldrin to control Japanese beetles in Berrien County was termed "a bitter pill to swallow" by State Conservation Director Ralph MacMullan.

MacMullan and the Conservation have been opposed to the use of Dieldrin, DDT and other persistent chemicals because of possible harm to fish, animals and birds.

Some 700,000 young salmon being raised from eggs taken from Lake Michigan fish died in state hatcheries this spring. Their deaths were blamed in heavy doses of DDT seeping into Lake Michigan and being

absorbed by the fish.

"I hate to see Dieldrin applied in Berrien County," MacMullan said. "However, I must reluctantly accept the fact that this chemical is the only one which will most effectively control Japanese beetles at this stage of the game."

"I deplore the use of any persistent pesticide which further pollutes the Lake Michigan watershed," he said.

## Candidate Wallace

When George Wallace came to the Upper Peninsula to campaign in 1967, few persons seemed to take him seriously. He was generally regarded as an extremist leading a third party movement that was going nowhere.

But the polls began telling a different story. They showed Wallace steadily attracting more support, and now the latest Gallup survey credits him with the backing of 18 per cent of the electorate — almost one out of every five voters.

Even more surprising is the source of this support. As an unmitigated racist, Wallace would be expected to draw heavy support in his own Alabama and other states in the Deep South. But Wallace has been pulling sizable crowds to his appearances in the North and even won the endorsement last week of a 6,000-member United Autoworkers local in Flint.

Obviously, much of Wallace's appeal has its roots in the swing to the right that is so evident in the nation's political mood. The nation is greatly disturbed over the violence in the streets, riots on the campuses, spiraling crime rates and a general deterioration in "law and order."

Wallace has seized on these fears and capitalized on them in the manner of the demagogue. He has projected himself as the one candidate who can restore "law and order" to the land, and therein lies one of the ironies of George Wallace.

Picture if you will the governor of Alabama literally standing in the school-house door at the University of Alabama a few years ago in an attempt to prevent the admission of a Negro student to that publicly-supported institution. The state's highest elective officer thus openly defied the law of the land and by example urged others to defy the law. This is the same person who today promises to uphold "law and order" in our nation.

It is interesting to examine how Wallace would restore "law and order." In his speeches he takes a particularly tough position against "anarchists" (apparently anyone who demonstrates), rioters and others who publicly espouse various causes. In emotion-packed phrases he threatens vigorous action to put an end to this type of behavior. He seems not to realize that the only way in which this can be done is with a stronger central government, and a stronger central government is one of the things Wallace says he opposes most. He's strictly for states' rights.

Another Wallace irony in his emphasis on "law and order" is that his attacks on "anarchy" and "violence in the streets" sound themselves very much like incitements to anarchy and violence.

David S. Broder, Washington Post reporter who has covered Wallace speeches, put it this way: "Neither man (Nixon or Humphrey) plays on the emotions of a crowd as skillfully as Wallace. Both are, as any majority party candidate must be, essentially moderate men, whose positions on the issues are balanced between the extremes. They are, as Wallace would put it, compromisers. And there is no compromise, no watering down of the Wallace message. It is 100 proof, the real thing."

"What strikes you about that message — and I am trying to be as restrained as possible — is its steady and repetitive incitement to violence . . .

"I suppose that if one wanted to name four institutions that are fundamental to the functioning of a free republic one would think of the institutions of law, of religion, of education and of a free press. These are Wallace's targets in a campaign which, seen closeup, is not a campaign at all, but an incitement of anarchy and violence and thus a clear and present danger to anyone whose liberties depend on the self-restraint of a democratic society."

Law and order certainly has become one of the major issues in the presidential campaign. Whoever is charged with carrying out law and order in this nation after next January 20 must be a man who upholds the law — not one who defies it. Otherwise, we will surely have anarchy and perhaps more violence than this nation has ever seen.

## Judge And Jury

A wave of reaction in support of the Chicago police — and by extension, in support of policemen everywhere — has followed in the wake of stories of unnecessary brutality employed in putting down the antiwar, anti-everything demonstrators who hoped to disrupt the Democratic convention.

Anyone reading accounts of the obscene and often malicious antics of some elements among a varied mixture of restless youths can only conclude that they asked for, if not all of them deserved, what they got.

One important thing must be kept in mind, however.

No matter how seriously they are provoked, policemen are neither trained nor equipped nor legally constituted to act as judge and jury of anyone. No matter how satisfying it may be to see a filth-shouting, filth-throwing youth having his head cracked, once we become accustomed to the idea of allowing the police to mete out summary punishment, without benefit of arrest, trial or conviction, to anyone — much less indiscriminately, as it was done in Chicago — we have taken a basic step toward dismantling the very democracy we are trying to protect.

In the final analysis, the police in Chicago simply blew their cool. And that is exactly what the demonstrators wanted them to do.

## Letters To The Press

### CONTINUING

The Escanaba Daily Press in recent months has carried so many editorials, letters to the editor, millage advertisements, and news items on current school problems that I shouldn't be surprised if it became one of the leading educational journals in the United States.

Not wishing to be omitted from the list of avid writers in this field, I submit this brief manuscript to the editor.

In 1872 the City of Kalamazoo, had voted to establish a secondary school and to levy additional taxes for its support. Skepticism of the state superintendent of public instruction and the legality of directing public funds to education led to a test case in a court of law where Chief Justice Thomas M. Cooley decreed that it had always been the obvious intent of Michigan to provide an education beyond the elementary level. Thus began a long history of the local communities' attempts to support their public schools.

In 1967 there were over three million school children in Michigan with an average yearly expenditure per pupil of \$466.85. The same year the state of Alabama spent \$282.26 to educate each child, while Alaska spent \$947 per child. The American taxpayer has been the determining factor in the quality and quantity of education being offered to Americans.

ica's youth. This system has proved to be so unfair that in 1963 Kimball Wiles in his book, "The Changing Curriculum of the American High School" says: "It will be recognized in the 1960s that, with a truly mobile population, neither local communities nor the national government can afford to allow the great differences in educational opportunities to continue. No community is immune to poor education in another, and the national government cannot afford thus to neglect a large percentage of its human resources."

With rising living costs, federal income taxes, state income taxes, social security deductions, city taxes, etc., the shrinking family paycheck and the American citizen's desire to support public education for their children has led to bitter frustrations and lost millage elections in many a community.

Today men and women with a vision beyond their own city limits signs are realizing that education in our country is a big business. Local communities cannot handle it financially. There is a need for a long range school financing program on the part of the state and national government. It is now time to place pressure on our legislators to work out this school financing program.

Even though some communities are joyfully pointing out that they have passed their

school millage on the third or fourth try, what they have solved is a fleeting reprieve from what is to come the next time. They may have won the battle, but they have lost the war and the ghostly specter of unsolved financial problems still haunts our schoolhouses across the land!

### AIM

It is the aim of B. U. S. Committee, (which was primarily organized for the purpose of reinstating our school buses), to seek out facts and become thoroughly acquainted with how schools function; and to try to find out how we, as laymen, can help, especially by keeping public interest alive.

We would like to promote, not only more communication between all people, including parents, teachers, school boards and administration, but gain insight and understanding of the total problems of schooling.

We wish to strive for better unification of city and rural areas within our school district, for cities cannot survive alone and neither can rural areas. We seek to inform even people who do not seek information, as such, on their own, to not only vote, but to know what or who they are voting for.

It is not our primary aim to support any particular issue or candidate, but thoroughly to investigate and honestly inform our people as to the facts and figures involved, so as they can be more qualified to reach their own decisions intelligently.

Mrs. James Hughes  
 Groos

## "Quotes"

None of the candidates for the president of the United States has taken a firm and clear stand on any aspect of the population crisis . . . Yet migration to the cities, mounting civil disorder, the problems of poverty and air and water pollution are all basically population problems. —William E. Your veto, Ambassador Malik, may stifle the legal vote of this council, but it cannot suffocate the soul of a proud people defying the imposition of an ersatz government made in Moscow. —U. S. Ambassador George W. Ball to Soviet Ambassador Jacob A. Malik after Malik's veto of a U. N. resolution condemning the Soviet invasion of Czechoslovakia.

There is no safety in hiding, not for me . . . not for our children who inherit the world we make for them. For all of us the only path is to work in whatever way we can to end the violence and end the hatred and division that threaten us all. —Sen. Edward M. Kennedy, D. Mass.

## Ann Landers

## Daughter Decides Family Big Enough

Dear Ann Landers: May I say a word to N.Y. Dilemma, the woman whose husband suffered "a small stroke" and now demands all her time and attention? It happened to my father, or I should say to my mother. Although it was Father who had the "small stroke," it was Mother who died from it.

For 14 years Mother waited on him hand and foot — "get me this . . . bring me that . . . I'm ready for my bath now . . . I'd like some hot tea." Mother pushed him around the house in a converted kitchen chair because he hated the idea of being in a wheel chair.

The first year Mother lost 15 pounds (which Father gained). She left the house only to bring in groceries or to do Father's errands. Her social life was zero. She dropped out of the bridge club, the church circle — everything. She couldn't even have visitors to the house because Father was always needing something.

Mother died last year — a blessed and welcome release from her slavery. Father is still alive — in a convalescent home. If I knew 15 years ago what I know now, I would have insisted that Mother get a "sitter" for Father two afternoons a week and an evening or two as well. His stroke was slow death for her. — BITTER

Dear Bitter: The "slow death" you described was more than just exploitation by a sick and selfish person. It would have occurred had your mother not been a martyr type who was willing to allow it.

Ann, Baby: Your column is a gas. Sometimes I cry my eyes out. Other times I bust up laughing. But those cutesy wootsy names like Bub, Buster, Buddy Boy, Cupcake and Lamb Chop detract from your otherwise sensible advice. So, knock it off, will you, Doll? Some of your correspondents are twice your age and you ought to be more respectful. — ARCHIE

Dear Archie: Thanks. I'll watch it, Honeybun.

Dear Ann Landers: I am 35. My husband is 37. We are professional people and have a six-year-old daughter. We both feel that perhaps Ruth should have a little brother or sister. She is unusually precocious and some-

what spoiled. Frankly, I am less enthusiastic about a second child than my husband. While he has said he doesn't care one way or the other, I suspect he would be pleased if he had a son.

We agreed to leave it up to Ruth and yesterday we asked her how she would like to have a baby sister or brother. She made it clear that she doesn't want a new baby in the house and threatened to run away if we "surprised" her with one.

What is your opinion, Ann? — IN DOUBT

Dear In: A couple who would let a six-year-old decide whether or not to have another child is in a bad way. I'm afraid you may already have more than you can handle.

If you have trouble getting along with your parents . . . if you can't get them to let you live your own life, send for Ann Landers' booklet, "Bug-By Parents? How to Get More Freedom." Send 50 cents in coin with your request and a long, stamped, self-addressed envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

ST. IGNACE, — Tolls are out and fares are in at the Mackinac Bridge according to a resolution adopted by the Authority at a recent meeting in Detroit.

Prentiss M. Brown, chairman of the Bridge Authority, stated the Mackinac Bridge is the first revenue bond, financed road, bridge or tunnel to junk the word toll and use the word fare. He is hopeful that others will follow suit. "While we haven't done away with tolls, we can do away with the word," said Brown.

### Lansing Wins: Escanaba Loses VFW Convention

The State Veterans of Foreign Wars 1969 convention which had been awarded earlier this year to Escanaba was shifted to Lansing Saturday by the VFW Council of Administration meeting at Mackinac Island.

Escanaba Mayor Cecil Chase and Howard Smale, city administrative assistant, made a presentation for Escanaba at the meeting, but VFW officials said Escanaba could not provide sufficient lodging for the convention.

An estimated 3,000 VFW delegates from throughout Michigan were expected for the convention June 26-29.

Smale said today that Escanaba had about 900 rooms available for convention delegates, but VFW officials said at least 1,500 were needed.

The city had been awarded the convention earlier this year at the 1968 VFW meeting in Muskegon.

City Manager George Harvey, although disappointed with the VFW decision, said today that it probably was better to lose the convention this weekend than to take it and be confronted with housing problems next June.

"We just couldn't come up with the rooms," he said.

Smale said the cooperation of area motel and hotel owners "generally was good" but the total number of rooms available did not meet VFW requirements.

### One-Car Crash Injures Four

Four young persons from Escanaba were injured Saturday in a one-car accident about 11:20 p. m. off County Rd. A-34 in Ford River Township, State Police reported.

Two of the victims — Dorian Brandt, 19, of 610 Lake Shore Dr., and Karen Eis, 19, of 1407 Stephenson Ave. — remained hospitalized today.

Brandt suffered lacerations and Miss Eis suffered a fractured leg and lacerations, officers said.

Two other passengers in the 1962-model convertible driven by Brandt were treated at the hospital and released. They were James Boyle, 20, of 809 1st Ave., S., and Kathy McKelvie, 19, of 1504 Lake Shore Dr.

State Police said the automobile ran off A-34 and hit a tree. Investigation is continuing.

In another personal injury accident, State Police said Giles Jodocy, 46, Perkins, was treated by a Gladstone physician for injuries he received when struck by a car in Perkins about 7 p. m. Sunday. Officers said he walked into the path of a car driven by Anthony Robbins, 17, Perkins, as Robbins rounded a corner.

Michael Lancour, 16, Rte. 1, Gladstone, also suffered minor injuries Sunday when the car in which he was riding ran off U. S. 2 about a half mile east of Cooks. Robert Holmberg, 19, of 1308 Lake Shore Dr., Gladstone, told officers he pulled off the road to avoid an oncoming car. Holmberg's car rolled into the ditch. Lancour was not hospitalized.

Daniel L. Johnson, Rte. 1, Rapid River, received a traffic citation for careless driving after his car ran off County Rd. 1-39 and hit a tree. He also was cited for failing to report an accident.

### Briefly Told

The Better Hearing and Speech Society will meet at 8 p. m. Wednesday at the Chamber of Commerce Building. This opening meeting will be in discussion form.

The Suburbanettes TOPS Club will meet at 8 p. m. Wednesday at the Mosier Community Center.

Charles McClinchy, Box 215, Rapid River, paid a \$50 fine and \$5 costs in Justice Court after he pleaded guilty to a charge of driving under the influence of intoxicants. State Police said McClinchy was arrested May 15.

### Report Barnum Condition Good

ANN ARBOR (AP) — Philip T. Barnum, first Michigan heart transplant patient, was reported in good condition Sunday at University of Michigan Hospital, Ann Arbor.

Hospital authorities said the 49-year-old manager of a Kalamazoo state auto licensing bureau continued to receive intravenous feeding but that tracheal tubes to aid breathing had been removed. He has not yet been allowed to sit up.

He was described as "comfortable and alert" with normal blood pressure and pulse rate. There was no indication of bodily rejection of the transplanted heart, spokesmen said.

Barnum, married, father of four and a candidate for the Kalamazoo County Board of Supervisors in November's election, received Friday the heart of a 38-year-old Jackson Prison inmate who died of a stroke.

### New Way Found To Stop Hair Loss, Grow More Hair

HOUSTON, Texas — If you don't suffer from male pattern baldness, you can now stop your hair loss ... and grow more hair.

For years "they said it couldn't be done." But now a firm of laboratory consultants has developed a treatment for both men and women, that is not only stopping hair loss ... but is really growing hair!

They don't even ask you to take their word for it. If they believe that the treatment will help you, they invite you to try it for 32 days, at their risk, and see for yourself!

Naturally, they would not offer this no-risk trial unless the treatment worked. However, it is impossible to help everyone.

The great majority of cases of excessive hair fall and baldness are the beginning and more fully developed stages of male pattern baldness and cannot be helped.

But, if you are not already slick bald, how can you be sure what is actually causing your hair loss? Even if baldness may seem to "run in your family," this is certainly no proof of the cause of YOUR hair loss.

Many conditions can cause hair loss. No matter which one is causing your hair loss, if you wait until you are slick bald and your hair roots are dead, you are beyond help. So, if you still have any hair on top of your head, and would like to stop your hair loss and grow more hair ... now is the time to do something about it before it's too late.

Loesch Laboratory Consultants, Inc., will supply you with treatment for 32 days, at their risk, if they believe the treatment will help you. Just send them the information listed below. All inquiries are answered confidentially, by mail and without obligation. Adv.

## ENSTROM SHAREHOLDERS

### Whether you have one or one hundred shares, it is important to you to accept the Purex offer. It makes no difference how few shares you have — YOUR SHARES ARE IMPORTANT

If you accept the Purex stock offer you will still have an investment that gives you a profit potential.

If you do not accept the Purex offer, the Enstrom Company will be without the necessary working capital to continue in business.

As an example of the capital necessary for Enstrom to expand, Purex has already made plans to invest several million dollars in the development and production of a jet powered helicopter. The expansion of facilities to produce the Model F-28A has already begun.

Purex will expand Enstrom in Menominee.

We, as shareholders, will be helping ourselves by accepting the Purex offer.

Think what it will mean to our area to have a new industry, properly financed to grow up to its potential.

### MAIL IN YOUR ACCEPTANCE NOW

To assist you, Enstrom office hours on weekdays will be 7:00 A. M. to 8:00 P. M. through September 27. On Saturdays 9:00 A.M. to 1:00 P.M.

**Muskie In State On Sept. 25-26**

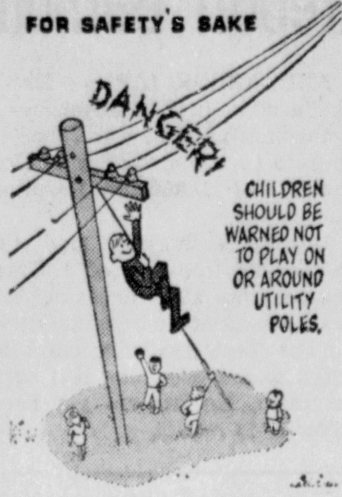

DETROIT (AP) — Sen. Edmund S. Muskie of Maine, running mate of Vice President Hubert H. Humphrey, plans to carry his Democratic campaign into Michigan on Wednesday and Thursday.

Aides of the vice presidential contender said he will visit Detroit and its suburbs of Warren, Livonia, Taylor and Hamtramck on Wednesday and Thursday.

On Thursday, Muskie also may visit Saginaw and Flint, his staff said.

The campaign swing will be Muskie's first in Michigan.

**William Monroe, U.P. Native, Dies**

JACKSON (AP) — William D. Monroe, Jackson city engineer and president of the Michigan Good Roads Federation, died unexpectedly of a heart attack at his home Saturday. He was 60.

A native of Iron Mountain, Monroe had been city engineer at Marquette before he came to Jackson in 1965. The Michigan Municipal League recently voted him a special award for his work with the Good Roads Federation.

Survivors include his widow, Ruth; a daughter, Mary Ellen, a student at Michigan State University; two brothers and three sisters.

## Fall Ballot Poses Five Issues For Michigan Voters

LANSING (AP) — Michigan voters will be asked Nov. 5 not only to choose from among a host of candidates for various public offices, but also to decide five questions, including a couple of controversial ones.

Four of the five were placed on the ballot by legislative action and the fifth by the rarely used route of referendum petitions. Here's a rundown of the

five issues, in the order they will appear on the ballot.

### Graduated Tax

No. 1: A proposed constitutional amendment to permit the legislature to levy a graduated income tax, which the Constitution now specifically forbids.

It appears on the ballot because of maneuvering in the Legislature in 1967 before the new state income tax—a flat-rate 2.6 per cent levy on individuals—was approved. Democrats insisted on putting the question to the voters, and the GOP helped supply the votes.

Approval of the proposition would not automatically give the state a graduated tax. It would only empower the Legislature to approve one. A "yes" vote on No. 1 is a vote to permit a graduated tax.

No. 2: A law exempting Michigan from the Federal Uniform Time Act, which requires that clocks be set ahead an hour on the last Sunday in April and back an hour on the last Sunday in October.

The federal law allows a state to exempt itself by following the same procedure it uses to enact a statute. That's what Michigan did—the Legislature passed a bill exempting the state and Gov. George Romney signed it.

### "No" For First Time

But then backers of Daylight Savings Time circulated referendum petitions and succeeded in collecting the signatures needed to put the question on the ballot. Their action prevented the exemption law from remaining in effect, and the state went on fast time last year and this year.

If voters uphold the legislative act, Michigan will again go off savings time. Thus a "no" vote on proposition 2 is a vote for Daylight Savings Time.

No. 3: Another measure approved by the Legislature which would, if endorsed by voters, authorize the state to issue bonds totaling \$335 million to finance an attack on water pollution. It would pay the state's share of a \$568 million program of building sewage treatment and interceptor facilities and enable local communities to borrow money from the state to pay for their own share.

Romney's budget message to the Legislature in January, which proposed the bond issue, estimated that it would cost the state an average of \$18.8 million a year over the 30-year life of the bonds if all authorized bonds are issued.

### Camps And Hatcheries

The State Constitution requires voter approval of such bond issues. A "yes" vote is a vote to authorize issuing them.

No. 4: Another bond issue proposed by Romney. This one would authorize bonds worth up to \$100 million to speed acquisition and construction of recreational facilities.

Romney estimated the interest costs of this proposal would average \$5.6 million annually. He said the proposed recreation program envisions 6,000 new park campsites, three new fish hatcheries allowing planting of 20 million more fish each year, 1,500 new forest campsites and 1,000 miles of new forest roads and trails.

Romney is strongly backing the two bonding proposals and has set up a citizens' committee to push for their approval. Again, a "yes" vote is a vote to authorize the bonds.

### Legislators Restricted

No. 5: Another proposed constitutional amendment which would allow legislators to run for other offices during the terms for which they are elected to the Legislature.

It isn't clear whether the writers of the 1963 constitution intended such a ban. The document merely forbids lawmakers to receive "any civil appointment within this state from the governor, except notaries public, from the Legislature or from any other state authority."

But Atty. Gen. Frank Kelley has ruled that election to office is "a civil appointment" by a "state authority"—in this case, the voters. Kelley's ruling means lawmakers can't run for other offices, even if they resign from the Legislature.

It prevented Rep. Melvin DeStigter R - Hudsonville, from running for the State Senate this year, and later stopped Sen. Robert Richardson, R - Saginaw, from seeking a circuit judgeship. Lawmakers then passed the amendment overturning Kelley.

A "yes" vote on proposal 5 is a vote to allow legislators to seek other offices during the terms for which they were elected to the Legislature.

Beatniks Wash, Or Quit Turkey

ISTANBUL, Turkey (AP) —

The international hippie-beatnik influx into Istanbul brought them the name "bitli turistler." That translates literally as "the louse-infested tourists."

But few of those left here have very long or messy hair. Their clothes aren't that shabby or peculiar either. The odor they used to diffuse seems to have disappeared.

The reform started with a statement by Interior Minister Faruk Sukan.

He described "the louse-infested tourists" as people without a dime, who used narcotics and led a very immoral life. He said they affected public health and public order and were liable to commit crimes.

Sukan ordered the police to expel all foreign girls and youths of this description and never to allow any of their kind to set foot on Turkish soil again.

Police cracked down on the hippie-beatnik center around Sultanahmet, the historic Blue Mosque. Thirty persons were taken into custody pending their expulsion.

Those who escaped the initial raid hid out with Turkish friends scattered around town.

Seeking the hidden became the favorite pastime of the police.

The youths' last chance was to shape up if they wanted to stay in Turkey.

Michigan Seeks Gary Man Named As Torch Slayer

CROWN POINT, Ind. (AP) —

State Police planned today to begin extradition proceedings against a 25-year-old Gary man wanted in Michigan in connection with a torch slaying.

Officers said the proceedings were slated against Issiah Jones of Gary. He was arrested in East Chicago, Ind., on a fugitive warrant authorized by Prosecutor William McManis of St. Joseph County in Michigan.

Police said Jones was picked up after a stakeout in which officers trailed a female companion of Jones to his apartment.

He was wanted in connection with the killing of Walter Jones, 39, of Gary, whose body was dumped aflame from a car Sept. 8 about three miles west of White Pigeon, Mich. The Joneses were of related.

Lap-Sitting Match

EL PASO, Tex. (AP) —

Fourteen coeds were sitting on Mim Wyley's lap when the chair collapsed.

That was the end of the lap-sitting contest.

Wyley, 6-foot-5 255-pound senior at the University of Texas at El Paso, was treated at a hospital for cuts from the splintered back of the wooden chair.

When college officials called the contest off the leader was Allen Mueller, 6-foot-7 and 208 pounds, clocked for 45 seconds with 13 coeds aboard.

## Carol Johnson Bride Of Paul D. Moerman

Bethany Lutheran Church in Escanaba was the setting Saturday, Aug. 31 for the wedding of Miss Carol E. Johnson of Escanaba and Paul D. Moerman of Atlantic, Iowa.

The double ring ceremony was performed at 5 p.m. by the Rev. Walfred E. Nelson.

The bride is the daughter of Mr. and Mrs. W. O. Johnson of 2110 5th Ave. S. and parents of the bridegroom are Mr. and Mrs. Paul Moerman of 203 Ridge Rd., Atlantic, Iowa.

**Cage Gown**  
The bride chose for her wedding an organza cage gown fashioned with a lace bodice, petite raglan sleeves of re-embroidered Alencon lace and a cowl collar of matching silk organza. Silk organza over taffeta fashioned the detachable chapel length train.

An organza petal headpiece with pearl trim secured her elbow length illusion veil and she carried a cascade bouquet of stephanotis and carnations centered with a cluster of white cymbidium orchids.

Matron of honor for the bride was Mrs. Kenneth Dragseth of Minneapolis, Minn., the former Marietta Carlson of Escanaba and bridesmaids were Miss Virginia Engstrom of Escanaba and Mrs. John Parks of East Lansing.

**Daisy Circlets**  
They were attired in floor length gowns styled with avocado green skirts and champagne colored bodices enhanced with hand designed daisy circlets at the Empire waistlines.

Fugi mums and daisies formed their headpieces and they carried baskets of Marguerite

## Episcopal Churchwomen Aid Biafrans

St. Paul's Church, Marquette, was the site of the 73rd annual meeting of the Episcopal churchwomen of the Diocese of Northern Michigan on Saturday.

The Rt. Rev. George R. Selway, D.D., bishop of the diocese, was celebrant at the opening service of Holy Communion.

Bishop Selway commended the women for their accomplishments and spoke of the future of women as it was discussed recently at the Lambeth Conference of Anglican bishops in Canterbury Cathedral, England. There, the importance of the laity, regardless of sex, in the work of the church from decision-making to execution was stressed. Many bishops also favored the ordination of women.

Bishop Selway accepted a check representing the women's special project funds collected in the diocese in the past year. He designated some of this amount to go with matching funds from other diocesan gifts to the Presiding Bishop's Fund for World Relief to alleviate some of the suffering in Biafra.

Attending from Escanaba were the following members of St. Stephen's parish: Mesdames Axel Anderson, C. E. Johnson, Vernon Johnson, William Koroshik, Ethel Larson, Barnett Mills, Carl Peterson, Maurice Rosenquist, Joseph Rouse and the Rev. and Mrs. John A. Alford and the Rev. and Mrs. Ben F. Helmer.

From Trinity Church, Gladstone, were the Rev. Philip J. Nancarrow, Mrs. Reg Curtis and Mrs. H. J. Skogquist, and from Zion Church, Wilson, Mr. and Mrs. Gilbert Henderson, Mrs. Irene Fazer and Mrs. Elmer Pipkorn.

At a business session presided over by Mrs. Henry Ask of Sault Ste. Marie, president, a new constitution and by-laws were adopted.

After luncheon, Ray Monsalvatge of Dayton, spoke on "The Crisis in America."

## Science Shrinks Painful Hemorrhoids Stops Itch-Relieves Pain Finds Way That Both Relieves Pain and Shrinks Piles In Most Cases

New York, N.Y. (Special): Science has found a special formula with the ability, in most cases - to shrink hemorrhoids, stop itching and relieve pain. In case after case doctors proved, while gently relieving pain, actual reduction (shrinkage) took place. The secret is Preparation H®. There is no other formula for hemorrhoids like it. Preparation H also soothes irritated tissues and helps prevent further infection. In ointment or suppository form.

## Annual Bridge Marathon To Begin Oct. 1

The annual bridge marathon is expected to begin about Oct. 1 announced Mrs. George Henes of 2126 24th Ave. S., chairman of the event.

The marathon is open to the public this year and features two divisions, intermediate and advanced. Round robin type play will be held once a month at various homes.

Anyone interested in participating is to set up their own partnership and call Mrs. Henes at 786-3846. The Escanaba Welcome Wagon Newcomers Club is sponsoring the marathon again this year.

Last year's winners were Clare Ann Kaltenbach and Mary Jacobs, first and Mary Babel and Rosemary Sankovitch, second.

The contest ends in the spring and a playoff luncheon for all players will be held with all prizes awarded at this time.

## Whiplash Injury May Cause Brain Damage

**BETHESDA, Md.** — Whiplash injury — a common cause of severe pain in the neck — may cause even more serious trouble. Scientists at the National Institute of Neurological Diseases and Blindness warn that whiplash injury may sometimes cause brain concussion and bleeding.

Any accident that causes flinging of the head front to back, back to front, or to the side, may cause a whiplash injury. It is most commonly a result of a rear-end automobile collision. But it can also be caused by so minor an accident as a fall on outstretched hands which may create sufficient force to injure the neck. If the injury is relatively minor the ligaments supporting the neck may be overstretched. If it is severe discs between the neck vertebrae may be torn or ruptured. The muscles of the neck, the nerves, or the vertebral artery also may be injured.

Experiments on rhesus monkeys at the institute show that when they suffered a whiplash injury 19 out of 50 of them also sustained concussions. Fifteen of the 19 showed additional brain damage, bleeding and bruises.

In the past, the institute points out, patients may only have been treated for damage to the muscles and skeletal systems of the neck, while brain damage went unnoticed.

The investigators suggest that patients who suffer from disturbances of consciousness, amnesia, severe headache, or stiff neck, particularly if the symptoms persist for more than 24 hours, be treated for concussion. They also urge that therapy for whiplash injuries should take into account brain as well as spinal damage.

# Eskymos Score Easy Win Over Kingsford

By MIKE UTT  
Daily Press Sports Editor

A superb defensive performance and a potent offense gave the Escanaba Eskymos a 39-0 Great Northern Conference victory over the Kingsford Flivvers in a game played Saturday afternoon at the Escanaba Athletic Field where the parents of the varsity gridders and the cheerleaders were honored during Parents' Day celebrations.

Co-captain John Mileski led the mighty Eskymo defense in holding the Flivvers to two yards total net yardage. Kingsford was held to a -46 yards rushing and 48 through the air. Mileski looked almost vicious in the way he stopped enemy ball carriers. Senior Steve Stropich and sophomore Gary Brawley were also standouts on the Eskymo defensive team.

The Eskymos took the opening kickoff and marched downfield in 12 plays to score their first touchdown of the afternoon, a three yard run by half-back Dan Mylander, with 5:20 left in the first quarter. Mylander's kick for the extra point was wide of the mark.

An exchange of punts after the kickoff gave Kingsford the ball on their own 24 yard line. On the first play after getting the ball back, quarterback Nick Phillips' pass was picked off by Mylander, who scampered to the 21. The Eskymos took over at that point and on the first play, Greg Johnson dropped back to pass, but finding

Kingsford received the second half kickoff and were forced to punt after four plays. Escanaba's Mike Dupont broke through to partially block the kick and the Eskymos took over on the Kingsford 25.

Olsen carried twice to the 10 and Robitaille hit paydirt after four carries. Mylander's kick was wide again and the Eskymos held a commanding 33-0 lead.

Escanaba was not through yet though, getting the ball back again after four plays on their own 41. Johnson put the finishing touches on the scoring drive, which took seven plays, by hitting Robitaille with a 39 yard scoring strike. The kick for the extra point again failed.

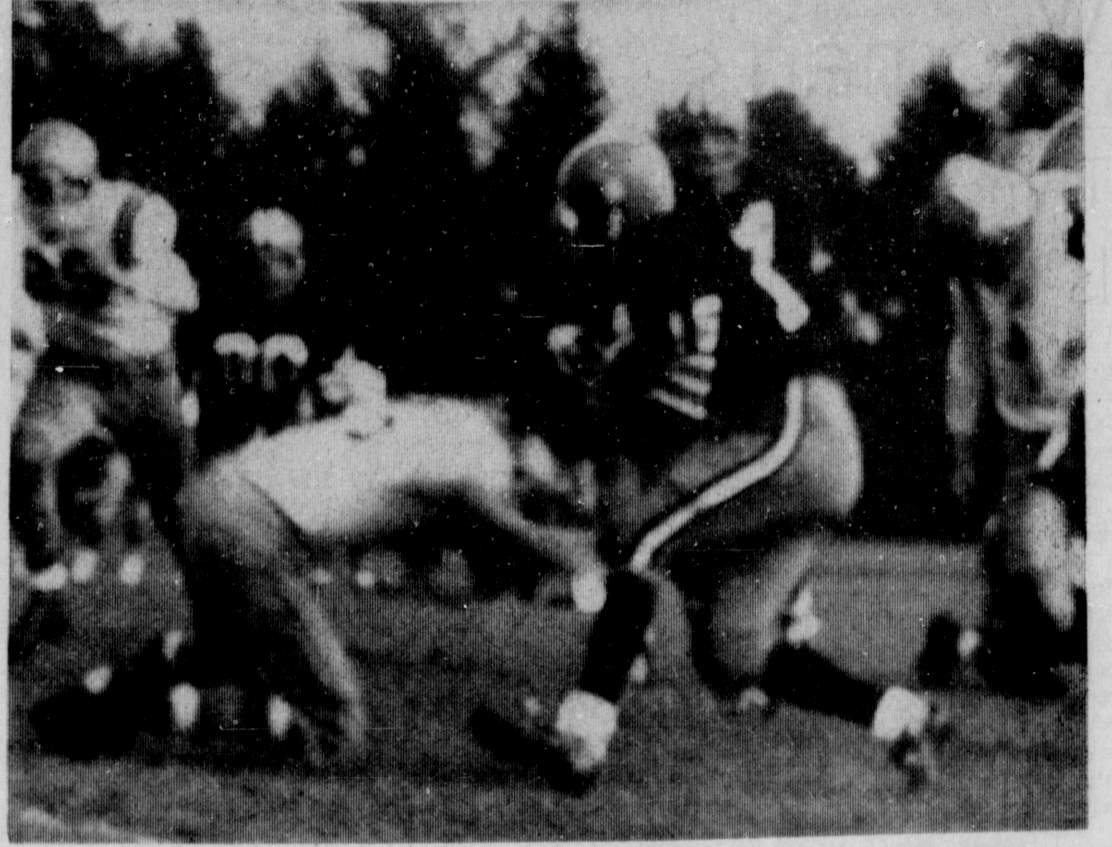

The Eskymo reserves took

over in the first quarter and did almost as well as the regulars, although not scoring a touchdown. Kingsford could only manage three first downs on the young Eskymo defense and allowed the Flivvers to cross midfield only twice.

"I'm very, very pleased both offensively and defensively," stated Eskymo coach Jerry Cvenegros after the game. "We functioned almost flawlessly."

The Escanaba offense gained 101 yards passing and 195 yards on the ground. Mylander, Olsen and Robitaille did the most damage, picking up 43, 41 and 37 yards respectively.

Escanaba's next game is at West Iron County on Saturday night in another Great Northern Conference contest.

# Mistakes Cut Gladstone's Title Hopes

By DAVE ANDREWS

GLADSTONE — "Too many mistakes."

That was the way Coach Don Pfotenbauer and the Gladstone coaching staff sized-up Gladstone's 21-12 setback to Marquette Saturday in the battle for the Great Lakes Conference football lead.

The loss snapped Gladstone's three-game 1968 winning streak and left the Braves hoping today that someone else in the league will be able to accomplish what they failed to do against the Redmen.

Marquette socked away its third straight win after an opening tie with Kingsford and is presently the only unbeaten eleven in conference play. The Braves had opportunities to change that, but the "mistakes" were too much to overcome.

Four times Gladstone lost the ball on fumbles. Two passes were intercepted. A Marquette punt was misplayed into a safety and throughout the afternoon Marquette end Bob Libick was allowed to roam at will in the Gladstone secondary.

Libick scored one touchdown and set up a second with pass receptions. His day's work included eight catches for 132 yards as quarterback Dave Nyquist exploited the Braves for 11 completions in 15 attempts for 150 yards.

## Lorenson Scores

Despite the fumbles, interceptions and other costly errors, the Braves had their moments and early in the second half looked ready to turn the game around.

Trailing 7-0 on Libick's 16-yard scramble to a Nyquist pass in the second quarter, Gladstone took the second half kickoff and had Rick Lorenson in the Marquette end zone in only 70 seconds.

Dan LaCasse returned the kick to the Gladstone 31 yard line and Bob Carlson chugged four yards through center. On the second play from scrimmage, Lorenson exploded through a gaping hole at right tackle and galloped 65 yards to a touchdown.

The extra point attempt misfired, but Gladstone's defensive unit yielded only eight yards in three plays, forcing the Redmen to punt. Here, the game changed again.

Standing inside his own 25 yard line, Nyquist unloaded a tremendous punt, driving safetymen Bob Skellenger inside the Gladstone 10 yard line. Skellenger, trying to field the football, fumbled, picked it up and circled into his own end zone trying for a return.

## Find Tacklers

Instead of picking up blockers, he found Marquette tacklers. Result: two points for Marquette on the safety and loss of the football for Gladstone.

"That was the turning point of the game," said Pfotenbauer. A fumble recovered by LaCasse gave Gladstone the ball again, but the Braves were unable to sustain a drive and exchanged punts. Starting this time from their own 20, the Braves moved into Marquette territory on the strength of a 38-yard pass from Bruce Richards to Steve Nelson.

Three running plays picked up a first down on the Marquette 29, but four incomplete passes stopped the drive and Marquette immediately launched what proved to be the winning touchdown march.

## March 64 Yards

The play was a 51-yard pass from Nyquist to Libick, who juggled the pass momentarily and then scampered to

the Gladstone eight-yard line before he was stopped. On third down from the two, Brian Dragon cracked over for the score and Marquette led 15-6.

The Braves came right back, moving 64 yards in eight plays. Richards passed to Nelson for 16 yards, then went the other way to end Eric Treichel for seven more. A sneak by Richards gained three and Marquette lost five yards for offside before Richards connected on successive plays to Nelson for 18 yards and Treichel for six. With the ball on Marquette's 11 yard line, Richards connected with Dean Culliton for the touchdown.

Culliton made the reception on the goal line and fell into the end zone as he was tackled with exactly six minutes to play.

## Penalty Aids Drive

The Redmen picked up a first down on a 13-yard burst by Dick Goodwin on a draw play, but Gladstone forced a punt with 2:43 to go. On the second play, however, Richards fumbled under heavy pressure and the Redmen took over on Gladstone's six yard line.

The Braves apparently stopped the advance, but a face mask penalty on fourth down gave Marquette another chance and Nyquist rolled out for the touchdown with five seconds to play.

Gladstone returns to action at 2 p.m. next Saturday, hosting Marquette.

# Cheboygan Tips Engadine, 26-6

ENGADINE — The Engadine Eagles dropped their third game of the season against one victor as they went down to defeat at the hands of Cheboygan Catholic, 26-6.

Both teams stopped scoring drives in the first quarter before Cheboygan started a drive at their own 36 and scored in seven plays, the final play being a 43-yard scamper by half-back Roy Schryer. Dave Sullivan ran for the extra point to give Cheboygan a seven point advantage.

Engadine's Pat Bigger returned the kickoff 33 yards to the 45 which led to Engadine scoring in 10 plays. The big gainer in the drive was a 19-yard pass play from Mike Kerridge to Ron Weger, putting the ball on the Cheboygan 21. Captain John Matchinski carried to the eight, but had his leg broken on the play and will be lost for the season.

Kerridge then passed to Gus Fillman for the score. A high snap from center spoiled the extra point attempt and the

no one open, rolled around his own right end and into the end zone for the score. This time Mylander's kick found the mark and the Eskymos led 13-0 early in the second quarter.

Kingsford was forced to punt after picking up only two yards after the kickoff. Phillips' kick was taken by Mylander on his own 36 and returned nine yards to the 45. Johnson wasted no time in putting the Eskymos on the score-board again, hitting Mylander with a 55-yard scoring bomb on first down. Mylander's kick for the extra point was good, giving him his 14th point of the afternoon.

After the Flivvers took the kickoff back to the 29-yard line, Phillips hit halfback Al Dumais on the 41-yard line on a third down play, giving the Flivvers their first first down of the game. A five yard loss put the ball on the 36 and on third down, Mileski dropped Phillips for a 30-yard loss all the way back to the Kingsford 6-yard line.

Ken Robitaille carried to the one on first down and fullback Jim Olsen bulled over from there. Mylander's kick for the PAT was good and the Eskymos took a 27-0 lead into the dressing room at half time.

score was 7-6 at half time.

Cheboygan scored early in the third quarter as Schryer went the final 15 yards of a 39-yard drive. Sullivan ran the extra point.

With 9:36 remaining in the game Cheboygan recovered a fumble on the Engadine 24 and scored in four plays as Schryer passed to Tony Stempke for 15 yards and a touchdown. A kick attempt for the PAT was wide of the mark.

# Crusaders Blanked In Conference Game

Menominee's Pat Collins gave the many fans attending the Great Northern Conference game between the Holy Name Crusaders and the Menominee Maroons quite a running exhibition as he led the Maroons to a 34-0 triumph over the Crusaders Saturday night at the Holy Name Athletic Field.

Collins rambled for 154 yards on 27 carries and scored two touchdowns in the victory with his powerful thrusts into the Crusader defensive line. Collins had to carry the offensive load for the Maroons because of an injury to the other Menominee running back, Dewey Bellisle.

The Crusaders started strong as the Maroons took the opening kickoff out to the Holy Name 41-yard line but were dropped for successive losses back to the 34 after picking up one yard.

The first of the many bad breaks for Holy Name came as the Crusaders were forced to punt on first down. A Maroon lineman broke through and blocked Jim Juetten's kick attempt on the 32-yard line.

The fired-up Crusader defense again answered the call and held the Maroons to minus yardage before linebacker Dan Young intercepted a pass on the Holy Name 23-yard line.

The Crusaders picked up one first down and had the ball on the Menominee 48-yard line before Young's fumble was picked up by Howie Theuerkauf of Menominee.

Collins ran three times, the last going for 45 yards and a touchdown which was nullified by a clipping penalty. The Maroons were forced to punt as the Crusader defense stiffened. Joe Sinclair fielded the punt on the 23-yard line but fumbled and Menominee's Frank Nerat was right there to pounce on the loose ball.

Collins made three carries to the 7-yard line and a first down before carrying the ball to paydirt from four yards out. Tom Poquette kicked the extra point to put the Maroons out in front 7-0.

The ball changed hands four times from that point with the Crusaders making the biggest scoring threat from the 25-yard line after Pete Quinn blocked a punt on the Menominee 33.

After Menominee was forced to punt again, Bobby McGinn threw a pass that was intercepted by the Maroons' Jeff Spitzer on the 25-yard line and returned to the 42. The Crusaders got the ball back again as Joe Harvey picked up a Menominee fumble on the 26-yard line and carried it to the 9 before being nailed from behind.

Holy Name tried three times

to get the ball in the end zone and failed, so Jim DeGrand came in to attempt a field goal from the 10. The kick was wide and Menominee took over on the 20.

On the first play from scrimmage, Gary Enstrom faded back and hit Theuerkauf, who had gotten behind his defender to take the pass and complete the 80-yard scoring play. Tom Poquette kicked the extra point and Menominee led 14-0 at halftime.

Holy Name received the second half kickoff and the ball changed hands four times before Menominee put on a 62-yard scoring drive in 14 plays, ending with Collins going into the end zone from seven yards out. Poquette made the PAT attempt.

Holy Name was stopped after four plays but got the ball back when Dick Rusch recovered a fumble on the Menominee 48. The Crusaders gave the ball right back when McGinn fumbled on the first play and the ball was recovered by Irv Hermanson of Menominee.

With two minutes remaining in the game, Enstrom completed a 33-yard scoring play to Tom Beland and Poquette's kick made the score 28-0.

Menominee scored again after it appeared time had run out in the game, but the referee ruled Menominee had called time out and had one play remaining. Gary Reno threw a 26-yard pass to Bob Theuerkauf and Poquette's kick was wide giving Menominee a 34-0 advantage at the finals.

The Crusaders defense looked good the first half, but were worn down in the second half due to the amount of playing time they had already put in. Harvey and Mark Johnson, both sophomores made numerous tackles in the Menominee backfield.

# Senators Cease Winning Streak

WASHINGTON (AP) — Senators' pitcher Camilo Pascual has shut out the champion Detroit Tigers 6-0 to halt at 11 games the longest winning streak in the major leagues this season.

Pascual held the Tigers to four hits Sunday and they only advanced past first base twice. It was the veteran right-hander's 13th victory.

The Senators' Brant Alvea slugged a homer with two men on and Dick Billings got his first in the major leagues.

It was only the 55th time in their pennant-winning year that the Tigers failed to pull out a victory in the last three innings. They've won 101 games.

"Thank goodness I had a big lead," said Pascual. "I was struggling the last three innings. My fast ball didn't have any zip."

"I didn't strike anybody out in the early innings but the fast ball was rising and they couldn't put it."

With two outs in the ninth, Pascual gave up his final hit, a double to left field which Billings dropped when he backed into the fence.

The only Tiger threat—and the only other time Detroit advanced a man past first base—was in the fifth when Bill Freehan singled. He was caught between bases but sent a runner to third with one out.

Pascual, however, ended the threat by mowing down Don Wert and Dick Tracewski.

Billings got his homer in the first inning with Del Unser aboard. "It felt real good," said Billings. It was only the 10th time he'd batted in the majors.

Before the inning was over, John Hiller, the first of three Detroit pitchers, wild-pitched home a third Washington run. Hiller took the loss, his sixth.

Alvea's homer was off Daryl Patterson after a walk to Ken McMullen and Frank Howard's second single.

## Kapp, Vikings Surprise Green Bay For Victory

MILWAUKEE, Wis. (AP) — Joe Kapp and the surprising Minnesota Vikings converted an interception, a long march and a safety into a 16-0 halftime lead and held on to hand the world champion Green Bay Packers a 26-13 setback Sunday in a major National Football League upset.

The Vikings, who kept the penalty-plagued Packers from moving inside the Minnesota 35 until the third period, got a crucial insurance touchdown in the second half after Kapp gambled on a fourth down deep in Packer territory with the score 16-6.

Kapp, who needed inches on the play from the Packer 27, barely got them, but his risky venture kept the Vikings driving. They opened their lead to 23-6 minutes later when Clint Jones scored from the four.

The victory moved the unbeaten Vikings into sole possession of first place in the NFL's Central Division with a 2-0 record. The Packers are 1-1.

Paul Krause put the Vikings into position for the first touchdown when he intercepted a Bart Starr pass at the Green Bay 34.

It took the ball-control Vikings 10 plays to score with Bill Brown smashing over from the one for the first of his two touchdowns.

Brown scored again in the second period, barreling over from the 10 to cap an eight-play march of 74 yards, highlighted by a Gene Washington catch of a 35-yard Kapp pass.

Starr, who was later to give up a second interception to Earl- sell Macbee, was hit by Jim Marshall in the end zone for a safety as the Packers tried to mount a drive from deep in their own territory near half-time.

The Packers, who were penalized 60 yards in the first half, finally came alive after intermis-

## NY Jets Crumble Patriots, 47-31

By The Associated Press

The Boston Patriots had their home opener in Birmingham, Ala., the Patriots looking for sole control of the top spot in the Eastern Division and Birmingham looking for a franchise in the American Football League.

The Patriots suffered a complete disappointment and Birmingham at least a mild one. Boston is having difficulty finding a suitable playing site, and the game was billed as a test to see how the AFL would draw in Birmingham.

A crowd of 29,129 turned out at Legion field, which seats about 70,000, Sunday to watch the New York Jets and Boston, sharing the lead in the East with 1-0 records.

New York won it 47-31 on Joe Namath's passing and an alert defense, the Jets taking sole possession of the No. 1 position.

Cincinnati beat Buffalo 34-23 and Kansas City whipped Denver 34-2 in the other Sunday games. San Diego topped Houston 20-14 and Oakland stopped Miami 47-21 Saturday night.

Boston never led against New York, but the Patriots were threatening to make a game of

## Tovar Plays 9 Spots As Twins Nip A's 2-1

By The Associated Press

Cesar Tovar took the grand tour of Minnesota's Metropolitan Stadium, position-by-position.

And for a tantalizing few innings, it looked like the Twins' chief handyman might own a tiny piece of a no-hitter as well as the distinction of being only the second man in major league history to play all nine positions in a single game.

But Oakland eventually managed three hits against young Tom Hall, who relieved in the second inning Sunday after Tovar started his tour by pitching a hitless first inning.

Tovar moved behind the plate in the second and around the infield and outfield inning by inning as the Twins nipped the A's 2-1.

In other American League action Sunday, Baltimore shut out Chicago 3-0, Washington blanked Detroit 6-0, Boston tripped New York 5-1 and Cleveland squeezed by California 2-1.

Tovar scored Minnesota's first run in the third when he singled and scored on Bob Allison's triple. Rod Carew drove in the Twins' other run with a fifth inning single.

Oakland's Bert Campaneris, the only other man to play all nine positions in one game, was the Athletics' leadoff batter in the first against Tovar and fouled out. Reggie Jackson struck out and then Danny Carter walked. Tovar belted the runner to second before retiring Sal Xando on a foul pop.

The A's didn't get a hit

# Lions Swamp Chicago Bears 42-0

DETROIT (AP)—The question in the minds of many of the 50,000 fans who witnessed the Detroit Lions drub the Chicago Bears 42-0 Sunday might well have been: "How could a team that lost last week 59-13 have such an easy time one week later?"

The Lions lost 59-13 at Dallas last week for one of their worst defeats in history.

"We forgot about the Dallas game," said a smiling but calm head coach Joe Schmidt in the team's dressing room after Sunday's game. "We had to make our minds up to play as a unit and I guaranteed them (the players) they'd win the ball game."

The Lions' defense held the Bears' sensational running back Gale Sayers to 43 yards in 12 attempts. Sayers' only long run was a 41-yard kickoff return at the top of the second half.

Second-year defensive backs Mike Weger and Lem Barney intercepted three passes each, linebackers Bill Swain and Paul Naumoff also picked off errant Bear tosses and defensive ends John Baker and Joe Robb pounced on Chicago fumbles.

Weger said it was the biggest day of his brief career.

"I think we have a great secondary as well as outside and middle linebackers," said Barney.

After losing last week "we were basically let down," he added.

"We used our regular defense," Schmidt said. "We played football like we're capable of playing."

The offensive never seemed in trouble under the leadership of Munson, who completed 15 of 23 passes for 279 yards and three touchdowns. Fleet-footed rookie flanker Earl McCulloch nabbed three passes for 80 yards and two TD's. Rookie end Charlie Sanders and veteran Gail Cogdill also hauled in three.

"We knew how important this ballgame was for us," said Munson, "we thought it would be a real dogfight."

He said he has never had a receiver with the speed of McCulloch and that "it surprises me that he has such a good football mind."

Munson said McCulloch hadn't worked out the past week because of a leg injury.

"I jogged during the week," McCulloch said. "I didn't get tired today because it was nice and overcast."

It wasn't hard to come right in and play in a game, he said, because "I have studied my plays well."

Larry Rakestraw, Chicago quarterback who had five of his passes picked off, said: "This team (Lions) is an entirely different team. With McCulloch out there they're hard to figure."

"We got a couple of bad breaks early in the game," he said. "We fell behind and had to pass to catch up and that's when the interceptions hurt."

Rakestraw added that "It's hard to believe, as well as we did in exhibitions, these two games." Besides Sunday's loss to the Lions, Chicago lost their season opener to Washington 38-28.

The Lions' ground game fared well also, with seven different ball carriers running for 173 yards in 33 tries. Mel Farr carried the ball 12 times for 51 yards and Bill Triplett hauled it eight times for 35 yards to comprise the bulk of the running.

"It's been a long time coming," said Munson, "nothing seemed to be going right this year."

Munson's first TD pass came midway through the first quarter after Barney intercepted a Jack Concannon pass on the Bear 46 and ran it back to the 37. On the next play Munson connected with McCulloch who dove into the left corner of the end zone.

Early in the second quarter Detroit scored three touchdowns within three minutes. With 1:19 gone, Munson passed from the Lions 14 to Farr at the 39 and the speedy back outraced Roosevelt Taylor for an 86 yard touchdown. Just before that play Weger intercepted a Concannon pass on the six yard line to end Chicago's only real threat.

On the first play after Detroit's punt new Bear quarterback Rakestraw fumbled on his 20 and defensive end Joe Robb of Detroit picked it up and rumbled to the three.

Two plays later Munson took the ball over on a quarterback sneak.

Chicago had the ball for only three plays after that as Lion linebacker Bill Swain intercepted a Rakestraw pass at midfield and rambled 50 yards to score his first pro touchdown.

Things quieted down for a while until the third play of the second half when Weger intercepted a Rakestraw pass on the Lions' 17 and ran it back to the 35. Munson moved Detroit to the Bears' 15 on nine plays including 20 and 11-yard tosses to Cogdill and 13 and 18-yard passes to Sanders. McCulloch grabbed Munson's 15-yard toss in the end zone.

Detroit scored its final touchdown with less than a minute to play in the game. Barney intercepted another Rakestraw pass on the Lions' 46. Munson went out of the game and rookie Grey Landry came in. He moved the team 80 yards in eight plays, capped by this three - yard touchdown run around right end. A 41-yard pass to Bill Malinchak was the big play of the drive.

Rookie Jerry DePoyster booted all six extra points, but missed late in the game on a 35-yard field goal attempt.

The first in a series of three meetings to "Meet The Candidates" for county board of supervisors will be held Tuesday night at 7:30 at the K of C Hall, River St.

Tomorrow night's program, sponsored jointly by the Senior Citizens Club and the Senior Citizens Service Center, will feature Lindsley Frenette, Democrat, Doyle District No. 2; Ernest Hoholik, Democrat, and Clarence Johnson, Republican, both candidates for Thompson-City District No. 4; Norman Jahn, City District No. 6; and David Rood, Democrat, City District No. 7.

Miron Home In Nahma Robbed

Romeo Miron of Nahma reported to Michigan State Police that his home in Nahma was entered sometime between 4 and 8 p.m. Thursday night. Miron told troopers some money and other articles were missing. An investigation is continuing.

Edward Fedrizzi of Caspian told officers of the Michigan State Police that lights from an oncoming vehicle blinded him as he was making a turn into the driveway of the Fireside Inn on U.S. 2 east of the city. Fedrizzi lost control of his car and went into a ditch. The mishap occurred at 10:15 Thursday night. Fedrizzi was ticketed for no proof of insurance.

Professor Urges Pill For The Men

LAS VEGAS, Nev. (AP) — Development of drugs that allow men to remain fertile for long periods may be the best approach to birth control, suggests Dr. Irwin H. Kaiser, professor of contraceptives while at the University of Utah.

Kaiser, discussing the future of contraceptives here at the American Academy of General Practice convention, said taking birth control pills has a bad psychological effect on some women. Some marriages may be stronger, he said, if the birth control burden was placed on the man.

Mickey Mouse Is 40, Still Loved

DISNEYLAND, Calif. (AP) — Mickey Mouse, at 40, is still the lovable squeaky-voiced friend of youngsters everywhere.

The thousands who turned out for his birthday party Sunday attested to that. A huge cake was cut in honor of the cartoon character.

Walt Disney created Mickey on a train ride from New York City in late September 1928. A month later, he introduced him in the film, "Steamboat Willie." Disney died two years ago.

Princeton's First

PRINCETON, N.J. (AP)—C. "Holly" Hoffmeister is the first girl to be appointed to the reporting staff of the 93-year-old Daily Princetonian, the student newspaper says.

Miss Hoffmeister, 20, of Carleton College in Northfield, Minn., is one of a dozen girls spending a year at all-male Princeton under a special language program.

Fans Create Traffic Jam

DETROIT (AP) — Several thousand Detroit Tigers baseball fans created a traffic jam around Detroit's main downtown post office just before midnight Sunday. They gathered eagerly but in vain.

The fans, some getting out of cars several blocks away to walk ahead of the jammed lines of cars, intended to be at the post office on the dot of midnight for a deadline that didn't exist—the 12:01 a.m. opening today of World Series ticket ordering.

The Tiger management announced Wednesday, day after the team clinched the American League pennant at a home game against New York, that mailed orders for tickets would not be accepted before 12:01 a.m. today.

The post office, however, no longer time stamps letters, but simply uses an a.m. or p.m. postmark.

As a result, the fan who mailed a ticket request on the way to work in the morning stood much the same chance of having his order filled as the diehard who fought the traffic that clogged many of the major arteries into downtown Detroit.

## Bergenthal Returns To Face Slaying Rap

MILWAUKEE — August K. Bergenthal has "indicated" that he will waive extradition today and return here to face charges in connection with Friday's fatal shooting of industrialist Russell D. L. Wirth and the wounding of his wife in their east side home, San Diego police said Sunday.

Bergenthal, 47, of Fox Point, drove to Chicago after the shooting, police said, and caught a plane for Los Angeles. He was planning to flee to Tijuana, Mexico, but changed his mind and surrendered to San

## Merlin Cudlip, U.P. Native, Dies, Headed McLouth

ANN ARBOR (AP) — Merlin A. Cudlip, chairman of the board of McLouth Steel Corp., died today at the University of Michigan Hospital at the age of 71.

Born in Iron Mountain, Mich., Cudlip joined the old Packard Motor Co. in 1918 as a clerk, and resigned in 1936 as vice president and secretary.

He joined McLouth as vice president and treasurer in 1937, was elected president in 1954 and had served as board chairman since April 21, 1964.

Survivors include his widow, Elizabeth; a son, a daughter and eight grandchildren.

Funeral services will be held at 11 a.m. Wednesday in Grosse Pointe.

## Two-Year-Old Tot Drowns In Pool

DETROIT (AP) — William D. Schoenith, 2-year-old son of power boat racing executive Lee Schoenith, drowned Saturday in the swimming pool of his home. Police said an older brother, Joseph, 11, found the youngster floating in the pool. Schoenith is chairman of the Unlimited Racing Commission, which sponsors the Gold Cup powerboat race annually, and operates the Roostertail, a night club on the Detroit River.

Diego police Saturday at the urgings of a cab driver and a priest, officials said.

Milwaukee Detective Inspector Leo Woelfel indicated that police had uncovered a motive for the shootings but would not discuss it.

Earlier, officials speculated that a longtime business feud between the Bergenthal and Wirth families, both founders of the old Red Star Yeast & Products Co., in 1882, might have been involved.

If Bergenthal waives extradition at a hearing in superior court at San Diego today, Woelfel said, two detectives will leave for California Tuesday to return him for trial on murder and attempted murder charges.

Wirth, 62, was slain Friday night by a .38 caliber bullet wound to the chest. His wife, Mary, 61, was shot in the left thigh. She was listed in satisfactory condition at the hospital.

Police said she told them she was shot after throwing several household objects at the suspect. Mrs. Wirth overheard her husband and Bergenthal arguing in the Wirth living room, saw Bergenthal pointing a gun at her husband and heard two shots fired as she ran downstairs from the second floor.

## Stocks Higher In Early Trade

NEW YORK (AP) — The stock market continued its advance in active early trading Monday.

Advances outnumbered losses by about 200 issues.

Technicians said some follow-through to Friday's last rally was expected. Volume was expected to trail Friday's 14.19 million shares however, due to the absence of many traders in observance of Rosh Hoshana.

Brokers said encouraging news included the Commerce Department's report of an upturn in new factory orders last month.

## Damage In Yard Is Investigated

Escanaba police are investigating a report of malicious damage in the Chicago & North Western railroad yard which, officers said, could have caused derailment of a train.

Police said a lock on a main line switch was shot off and the switch pulled. Pulling of the switch could have caused a C&NW train to run onto a siding where other railroad cars were standing, officers said.

Railroad employes discovered the damage and apprehended two boys, ages 13 and 15. A .410 gauge shotgun was seized by police. Several other boys are being sought for questioning in the incident, police reported.
